FEATURES

Everything you need to run smarter.

From the moment a guest scans the table QR to the second the kitchen marks an order ready, Easy Kitchen keeps every role in sync — on any device.

QR Code Ordering

Guests scan the table QR and order straight from their phone — no app download, no waiting for a waiter.

Live Order Tracking

Every order moves through To Do, Doing, and Ready so nothing sits forgotten in the kitchen.

Kitchen & Table Boy Apps

Dedicated screens for kitchen staff and table staff, built for a fast-moving service line.

Admin Control Panel

Monitor every table, manage staff, and send alerts from one central dashboard.

Secure Payments

Accept cash, card, or UPI with billing that always matches the kitchen ticket.

Sales & Analytics

See best-selling dishes, peak hours, and daily revenue at a glance.
